The accompanying application:

Applicant : Charles D. Jones

For : ANTIESTROGENIC AND ANTIANDROGENIC BENZOTHIOPHENE

Docket No.: X-5526A

DISCLOSURE STATEMENT

Commissioner of Patents and Trademarks

Washington, D. C. 20231

Sir:

This application is a continuation-in-part of application Serial No. 246,335, filed 3 April 1981. The invention disclosed and claimed is a single acylated benzothiophene and its ethers, esters and salts.

Two related applications are filed on the same day as this application. One, by the present inventor, is titled Benzothiophene Pharmaceutical and concerns another acylated benzothiophene and its ethers, esters and salts. The other, by Mary K. Peters, is titled A Synthesis of Acylated Benzothiophenes and concerns a synthetic method for preparing the present compound. It is a continuation-in-part of Serial No. 246,333, filed 3 April 1981.

Applicant believes that the pertinent art was cited and explained in the record of the parent, Serial No. 246,335. The Examiner is referred to the record of that application.

Favorable action on the present application is believed to be justified and is respectfully requested.

Respectfully submitted,
